Glulam: GL18 Vic Ash Hardwood

WE WORKED WITH

Builder: Lloyd Group

THIS PROJECT WAS LOCATED IN

Melbourne

THIS PROJECT TOOK PLACE IN

2014

WE USED THESE PRODUCTS

GL18 Vic Ash Hardwood Glulam

GL18 VIC ASH GLULAM BEAM 'TREES' A ROARING SUCCESS.

Vicbeam were pleased to be able to provide GL18 Vic Ash Hardwood Glulam Beams for the Melbourne Zoo, predator precinct.

The 'tree trunks' comprise of 10 glue laminated beams all cut and spliced together which opens up into a canopy that supports the roof structure.

From under the glulam canopy, the public can view magnificent animals such as the African lions, wild dogs and the Philippine Crocodile.

We were delighted to hear that the project received a special commendation for 'Excellence in Civil construction' by the Master Builders of Victoria and we congratulate Lloyd group on their fantastic work.
