

Spotted Gum

GL21 SPOTTED GUM GLULAM

OVERVIEW

- A highly durable timber produced from renewable resource of rich coloured and textured Queensland hardwoods.
- Spotted Gum is a premier hardwood designed specifically for high load applications where aesthetic appearance is also vitally important.
- The heartwood ranges from light brown through to dark red-brown hues while sapwood is usually white to light brown in colour.
- Has a wavy grain that can produce an attractive fiddle-back figure.
