

White Cypress

GL10 WHITE CYPRESS GLULAM

OVERVIEW

- A highly durable Australian softwood timber which is found in Victoria, Western New South Wales and central Western Queensland.
- Timbers are ideal for exposed and internal applications such as timber fins, pergolas, columns and rafters.
- In contrast to the creamy white sapwood, the heartwood ranges in colours light yellow and orange to light brown, with occasional dark brown streaks.
- The grain is generally straight with a very fine and even texture.
